LOCATION OF WORKS

(MAP 202 A12)

NOTES

1. The location of existing services is to be verified on site prior to the commencement of works.
2. The Contractor shall not alter or cause damage to existing vegetation unless directed by the Superintendent in writing to remove or alter.
3. The tree protection envelope must be constructed prior to the commencement of works and must not be removed until the completion of the development.
4. Set out to be confirmed onsite by the Superintendent prior to construction.
5. All dimensions are in millimetres.
6. Written dimensions take precedence over scale.
