3 Introduction

4 Instructions for younger children

7 Instructions for older children

Introduction

Wyndham City is developing a Community Engagement Policy. This is a document that will talk about how Council and the community **(you!)** will work together to come up with ideas and solutions to decisions for Wyndham City.

Younger Children (4 – 7 Years)

Council does many things where you live. Sometimes, the people that work at Council, our community helpers, need your ideas to make our projects better for everyone living in Wyndham City.

These are some of the community helpers and places in Wyndham City.

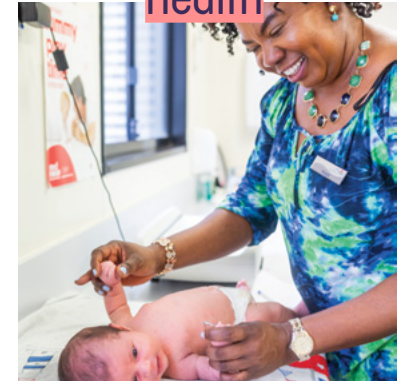

Libraries

Kindergartens

Maternal and Child Health

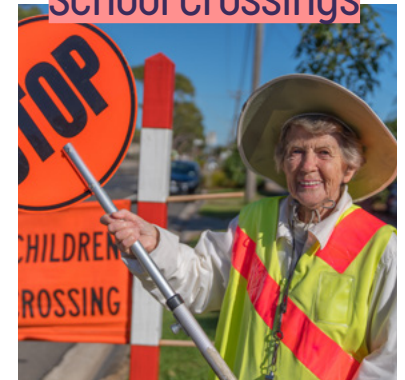

Parks and Playgrounds

Pound for lost pets

School Crossings

wyndhamcity

How would you like to tell us what you want Council to do?

Here's a couple that you might want to select from
or feel free to come up you're your own:

I want to tell you by....

talking to us face to face, over
the phone, or online.

writing a story

writing a poem

taking a photo

recording a video
making something
drawing a picture

Lego

gaming program (Minecraft)

wyndhamcity

ACTIVITY: Now show us what that looks like!

Once you're done, take a photo of what it looks like when you share your ideas with Council and submit it to The Loop [here](#) (you might want help from an adult).

Or feel free to email to engagement@wyndham.vic.gov.au and we'll submit it for you. We'll let you know once it's complete so you (and everyone!) can look at your masterpiece.

Older Children

You can either do this on your own or get an adult to help you.

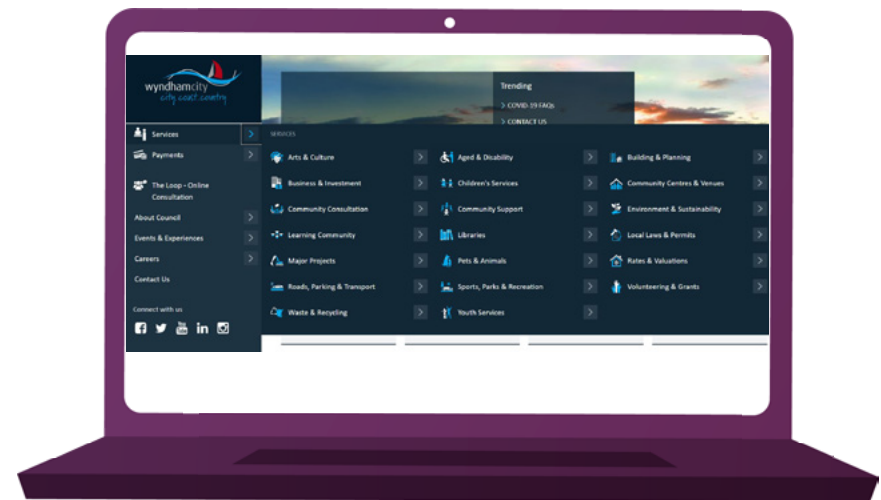

Head to www.wyndham.vic.gov.au This is your Council website.

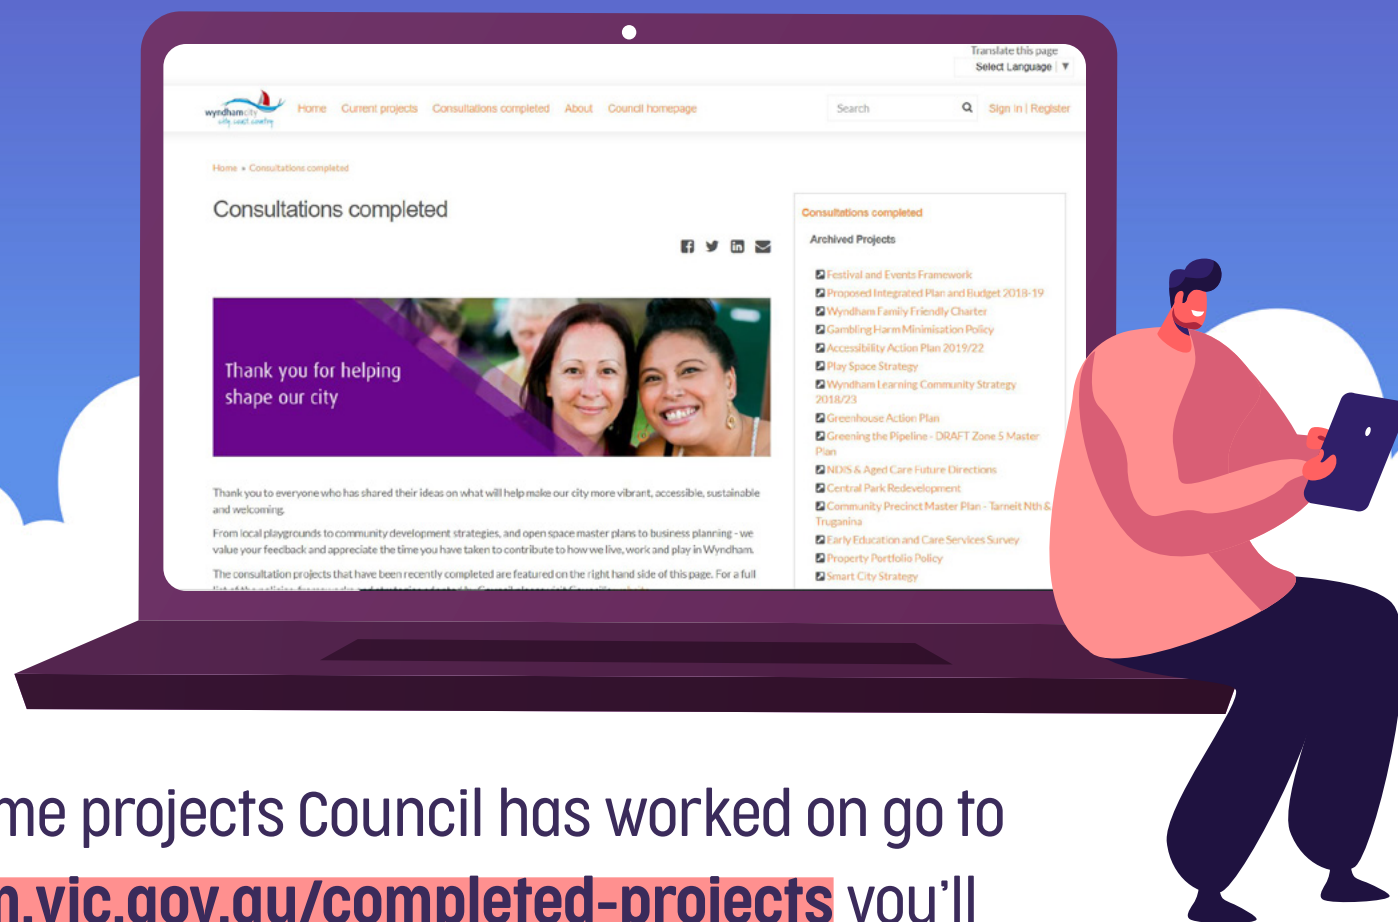

Click the 'Services' button on the menu. This is everything that Council does in the Wyndham City community.

Take a look at the different services Council provides.

Select a service and have a think about some of the big decisions Council makes that impact you.

wyndhamcity

If you would like to see some projects Council has worked on go to <https://theloop.wyndham.vic.gov.au/completed-projects> you'll see a big list of 'consultations completed'. These are engagement projects that Council has asked the community to help with.

How would you like to tell us what to do when we are making these big decisions?

There are so many ways that you can tell us your ideas.

Here's a couple that you might want to select from or feel free to come up with your own:

I want to tell you by....

talking to us face to face, over the phone, or online.

writing a story

writing a poem
